

## Icy Night

The Icy Night event held at the Faculty of Mechanical Engineering every fall semester. The event offers a break from the monotony of winter evenings, where students gather and skate to different music throughout the evening.

The event attracts a large number of visitors, because it is a entertaining occasion with a great atmosphere.

You will receive an invitation from the event in time with the exact date, location and information.

If you have any questions, you can contact us at [international@ghk.bme.hu](mailto:international@ghk.bme.hu).
